Organized by :

Tata Memorial Centre
International Psycho-Oncology Society

INVITATION

Dear Friends,

It gives us great pleasure in inviting you to **International Psycho-Oncology Society (IPOS) Academy on Psycho-oncology** organized by **Tata Memorial Centre, Mumbai**. This is the first time an IPOS Academy is being organized in India. Psychological distress in cancer patients and their family can disrupt their equilibrium and affect quality of life throughout the disease trajectory from screening and diagnosis to palliative stage. Psycho-oncology is an established discipline in the developed world. In India, it is an emerging field, with lots of exciting opportunities in service development, education and training. This Academy will have sessions conducted by international faculty, Dr. David Kissane and national faculty, Dr. S. Chaturvedi and Dr. Prabha Chandra and will provide useful insights into some of the essential topics in psycho-oncology. We hope all of you will attend this Academy and be inspired to help cancer patients and their caregivers through their illness experience and improve their quality of life.

Looking forward to seeing you in Mumbai on 29th Nov 2013.
